Education

- 2025 – Now **The University of Sydney** *Sydney, Australia.*
Established in 1850, and consistently ranked among the world's leading universities. Located in the heart of Sydney, it is renowned for its strong emphasis on research excellence, innovation, and academic rigor across a broad range of disciplines. The University fosters a diverse and inclusive environment, preparing graduates to be global leaders equipped with critical thinking and real-world problem-solving skills.
- 2022 – 2025 **MAN 2 Kota Malang** *Malang, East Java.*
As a Member of Science and Olympiad Class, **MAN 2 Kota Malang** is a leading Islamic senior high school in Indonesia, known for its academic excellence, strong STEM programs, and success in national and international competitions. It fosters intellectual, spiritual, and leadership development.
- 2019 – 2022 **MTsN 1 Kota Malang** *Malang, East Java.*
As a Member of Olympiad Class, **MTsN 1 Kota Malang** is a distinguished Islamic junior high school in Indonesia, recognized for its strong academic foundation, balanced religious and general education, and achievements in various competitions. It nurtures students' intellectual and character development.

Miscellaneous Experience

Awards and Achievements

- 2025 **Bronze Medalist**, *International Gamma Mathematics (IGMO)*, GAMMA (Global and Multicultural Mathematical Association), International level.
- 3rd in Usyd, Top quarter**, *simon Marais Mathematics Competition (SMMC)*, Simon Marais Mathematics Competition Limited, International level.
- 2024 **2nd Winner**, *Matriks Mathematics Olympiad (MMO)*, University of Muhammadiyah Malang, High school Category. National level.
- 2nd Winner**, *ARITMATIKA*, Sebelas Maret University, High school Category. National level.
- 2nd Winner**, *Olimpiade Matematika (APOTEMA)*, State Islamic University of Sayyid Ali Rahmatullah, High school Category. National level.
- 1st Winner**, *Olimpiade Matematika Vektor Nasional (OMVN)*, State University of Malang, High school Category. National level.
- 1st Winner**, *Kompetisi Matematika (KOMET)*, Maulana Malik Ibrahim State Islamic University, High school Category. National level.

Miscellaneous Experience (continued)

- 2023  **3rd Winner**, *Olimpiade Matematika ITS (OMITS)*, Sepuluh Nopember Institute of Technology, High school Category.
National level.
-  **2nd Winner**, *Olimpiade Matematika (OPTIKA)*, Syarif Hidayatullah State Islamic University Jakarta, High school Category.
National level.
- 2022  **First Runner-Up**, *ARITMATIKA*, Sebelas Maret University, High school Category.
National level.
-  **First Runner-Up**, *Kompetisi Matematika UIN Maliki (KOMIK)*, Maulana Malik Ibrahim State Islamic University, High school Category.
National level.
-  **First Runner-Up**, *Mathematics Competition Revolution (MCR)*, State University of Surabaya, High school Category.
National level.

Certificate

- 2024  **Excelent**, *Training Robot Manufacturing System*, PT Handal Yesindo Sejahtera Surabaya

Experience and Activity

- 2025 – Now **Math Olympiad Tutor of New Education Centre.**
As a Math Olympiad tutor at the New Education Center, I specialize in mentoring students for national mathematics competitions. I design challenging problem sets, teach advanced mathematical concepts, and guide students in developing critical thinking and problem-solving strategies.
- Math Olympiad Tutor of Sekolah Medalist.**
Provided personalized mathematics tutoring to students preparing for academic competitions and examinations. Helped students strengthen problem-solving skills, build conceptual understanding, and develop effective strategies for tackling challenging math problems in a supportive and engaging learning environment.
- Member of Project of Kontes Terbuka Olimpiade Matematika (KTOM).**
Contributed to the development of monthly mathematics contest materials by creating, reviewing, and refining problems and solutions. Collaborated with the team to ensure high-quality, engaging, and mathematically rigorous content for competition participants.
- 2024 – Now **Problem Setter of Kontes Terbuka Olimpiade Matematika (KTOM).**
As part of the problem-setting team for the Open Mathematics Olympiad Contest, I organize monthly competitions and simulations to prepare participants for the National Science Olympiad in the field of mathematics.

Skills

Soft Skills

Problem Solving	Problem-solving: Thinking critically to address challenges (e.g., in competitions or event logistics).
Languages	Strong reading, writing, and speaking competencies in English and Bahasa Indonesia.
Teamwork	Collaborating with others to achieve a common goal.

Skills (continued)

Communication	Clear and effective interaction with others, both verbal and written.
---------------	---

Technical Skills

Math Problem-Solving	Developed through participation in the Mathematics Olympiad team.
Analytical Thinking	Enhanced through academic challenges and solving complex problems.
Coding	LaTeX, Java, Python

Languages

English:	Proficient (IELTS Overall Band Score: 6.5)
Indonesian:	Native
